# FARM WALK

MAINS RIGG FARM, WED 17<sup>TH</sup> OCT, 12 NOON

## ON FARM TALKS AND DEMOS:

- Adjustable race & squeeze crush handling system demo
- Pelvic measurement of heifers demo
- Cattle health at housing talk

Ahead of the autumn suckler sales, Bevis Jordan farm manager at Mains Rigg Farm, Whitfield will open the gates to the estate's impressive 125 head suckler herd.

Bevis has been with the estate for over 20 years, growing and adapting the business into a low input system producing top quality suckled calves and replacements year on year. The herd now achieves over **90% of calves weaned**, with the majority of cattle calving within an **9-week block** with negligible difficulties and all replacement heifers calving at **2 years old**.

**A farm visit not to be missed!**
